

TO CANVASS TOWN AND DISTRICT FOR COM. CENTRE FUNDS

Work is proceeding on Didsbury's new covered skating rink, which is the first project of the Community Centre plan, but more money is required before the building can be completed and paid for. The committee in charge of financing has estimated that it will take at least another \$10,000 to complete the rink, and in an effort to raise this amount a general canvass for funds will be made in town and district. This canvass will start almost immediately and everyone who possibly can do so is urged to give generously so that the first part of Didsbury's Memorial Community Centre can be completed in time for use this winter.

The cement has been poured for the main wall of the new rink and all material has been ordered and is now arriving. A crew is on the job daily and local business men have been taking their turns on the voluntary labor plan.

To complete the covered skating rink in time for use this winter will be a big task, but with the united support of both town and district the job can be accomplished.

HUNTERS MUST FIX TAG ON ALL BIG GAME SHOT

Big game hunters must continue this season to place tags or seals on the animals they shoot as these are required for identification purposes, according to E.S. Huestis, Provincial Game Commissioner.

The tags are supplied free of charge to those who obtain big game hunting licenses. As a new serial number, "B" is being placed on this year's tags, those who make use of any leftover 1946 "A's" will be running the risk of prosecution.

It is customary to place the tag or seal on the antlers or leg, as soon as the animal has been shot. This should be done at once so that the hunters will be fully protected if checked up by a game guardian.

The department has also announced the release of more than 4,000 young pheasants in different parts of the province. These birds are from six to ten weeks old and were raised at the Brooks experimental station.

In different districts an average of 500 of these young birds have been released this season.

As we go to press Tuesday night skies are heavy and the weather is turning cold, indicating further delay in harvesting operations. This has been one of the worst falls on record as far as getting the threshing done, and farmers are getting worried for fear that winter will set in early.

FORTY YEARS AGO

October 4, 1907

Chris Rapien has commenced the erection of a two story frame residence in Lacknerville.

The fellows who got their hair trimmed last week are out the price of a good cigar. Tuesday the local barbers dropped the price of hair cuts from 35c to 25c.

A.R. Ruth & Son have disposed of their furniture stock and undertaking business to W.S. Durrer.

The provincial government will build an asylum at Ponoka.

Didsbury Manufacturing Co. has received an order from Calgary for 3000 butter boxes.

The Calgary Dairy Co. had a representative in town last week and the firm expects that dairy milk shipments from Didsbury will be about 150 gallons.

WOMEN'S AUXILIARY PROVIDE LUNCH FOR RINK HELP

In order to provide a little nourishment for the men working on the new covered skating rink, the Women's Auxiliary to the Canadian Legion has undertaken the task of serving lunch each day, but the Auxiliary will need some help. Anyone, therefore, who is willing to make up a loaf of sandwiches is asked to leave their name with Joyce Morgan at the local post office. Country ladies who are willing to help may donate a pound of coffee, and this also, may be left at the post office.

FORMER RESIDENT, P. P. DICK, BURIED AT ALTONA, MAN.

The death of Mr. P.P. Dick, Altona, 77, occurred at his home at 7 a.m., Thursday, Sept. 25. For some time he had been ailing of a heart condition but was seriously ill for only a few hours.

He is survived by four children, Peter, Mrs. J.D. Driedger, Altona; Mrs. H. Loeppky, Morden, and Jake of Winnipeg.

Also surviving are two brothers, J.P. and Ben P. Dick of Vancouver and Edmonton respectively, and three sisters, Mrs. C. Hiebert, Calgary; Mrs. H.H. Hamm, Altona, and Mrs. A. J. Friesen, Mountain Lake, Minn. Mr. B.P. Dick and son Roy, and Mr. and Mrs. A.J. Friesen, Roland and Nita, attended the funeral.

Funeral services were held in the Bergthaler church, Altona, on Saturday, Sept. 27, at 2 p.m., with Bishop D. Schulz and Rev. J.N. Hoepfner officiating. Interment was made in the Altona cemetery. Pallbearers were D.H. Reimer, D.D. Stobbe, H. Wiebe, P.E. Dueck, J.P. H. Kehler and W.N. Hetterley.

Mr. Dick was born in Schoenfeld, South Russia, coming to Canada with his parents in 1874 at the age of four years. He married Maria Leppky in 1895, and a few years later they settled on their homestead near Didsbury. In the fall of 1917 Mr. Dick and family moved back to Manitoba, opening a machine shop and garage in Altona, retiring from active work in 1921.—Altona Echo.

SUMMER TURNS TO FALL AS TREES SHED LEAVES

The past week has seen a great change in the countryside, with summer merging into fall and the leaves falling off the trees and shrubs. Coupled with this was a heavy killing frost, and Sunday night which has almost completely flattened all garden and flower growth which escaped the previous light frosts, and the countryside now has taken on its fall appearance.

Threshing, while being carried on spasmodically during the past couple of weeks, was again held up Monday, due to light rain and snow and it is estimated that less than 20 per cent of harvesting has been completed in this area.

DON ROBERTSON, WILMA OWENS WIN SCHOLARSHIPS

Mr. Donald J. Robertson and Miss Wilma M. Owens, both of Jackson S.D. No. 1492 in Olds School Division No. 31, were each awarded a fifty dollar scholarship by the Dr. Kerby Scholarship Committee of the Alberta Federation of the Home and School Association. This scholarship is awarded for the highest marks obtained in the provincial examinations for Grade IX in all Class A schools. (One and two room schools of Alberta). Pupils receiving other scholarships were not eligible.

The schools of the Olds School Division set a standard to be aimed at in the past year's Grade IX examinations. Eight students received Honors Standing, twenty-five a standing and thirty-six B standing.

The Olds School Division Board has awarded ten scholarships of \$300 each to students of the division attending the School of Education courses with the proviso that such students when graduated will teach in the Olds School Division for a period of three years.

THE LINER "QUEEN MARY"

An army of tradesmen skilled in every known craft were hard at work during the spring and early summer of this year preparing the giant Cunard White Star liner "Queen Mary" for her postwar maiden voyage on the Atlantic service on July 31st after her war years as a troop carrier. Not only

BACK TO ATLANTIC SERVICE

has the entire ship been restored to her pre-war beauty, but many new features have been introduced, including improved amenities for passengers in all classes, new public rooms air conditioned and increased space for the crew.

This picture shows the Queen Mary alongside Southampton dock in her peacetime garb.

and Dodd were appointed delegates to attend.

A delegation from the Dog Pound Raters' Association was present and asked for the placing of nine miles of gravel on the Madden-Cochrane road. Council agreed to gravel this road, costing approximately \$3600, providing the ratepayers would pay 50 per cent of the cost, and gravel can be obtained at the P. Sullivan pit.

A new 112 motor grader has been purchased and the old No. 11 patrol was traded in on the deal.

A grant of \$100 was made to the Olds Agricultural Society, and to the Didsbury Agricultural Society, and a \$10 grant was made to the Sundre School Fair.

A report on road work stated that eight miles of gravel had been completed on the Carstairs-Cremona road and three more miles would be done this fall. Five miles of new gravel had been laid northwest of Didsbury and seven miles of re-course had been done on the Didsbury blind line. Three miles of gravel had been put on roads in the Mayton area.

At the present time gravel is being laid near the Reed Ranch school, and a crew is working on the Westcott road, with the possibility of completing five miles of grading and travelling before freeze-up. It is also hoped to do some travelling east of Didsbury if the weather is favorable this fall.

ROSEBUD TRACK MEET

The annual track meet of the schools in what is known as the Rosebud district will be held in Bowden this afternoon, Wednesday, October 8.

The Rosebud district includes the following schools: Innisfail, Bowden, Olds, Didsbury Carstairs and Crossfield.

PRESENTATION MADE TO DEPARTING W.A. MEMBER

The Senior W.A. of Knox United Church held a most enjoyable meeting at the home of Mrs. Norman Clarke on Friday last. Sixteen ladies were present.

An apron for the December bazaar will be the answer to the roll call at the next meeting in November, to be held at the home of Mrs. W.W. Gillette. At the close of the meeting the president, Mrs. Bruce Parker, presented Mrs. Jas. Gloeckin, who is moving away, with a gift of china on behalf of the W.A.

The Senior W.A. will be the guests of the Junior W.A. at their next meeting later in the month.

There are no wolves in England.

Tanner & Co. Selected To Sell Waterworks Debentures

DIDSBURY HASN'T A JAIL

Jail or goal, no matter how you spell it, Didsbury hasn't just got such an institution. How long this has gone on, we do not know. How long it will continue no doubt depends on when the R.C.M.P. can see their way clear to take over the policing of the town. But the fact remains, we haven't a jail, and for a town with more than 1,500 inhabitants we have done well to get along without a lock-up, and it speaks highly of the citizens of this community who, on the whole, are law-abiding and industrious people.

What we want a jail for, some citizens wonder. We have eight churches, some of them well attended, others not so well patronized, but the founders of these great institutions must be able to take pride in the part they played in providing a place for sound training in the Ten Commandments, and this early youth training in the years gone by must to some extent be responsible for the fact that Didsbury didn't need a jail and shouldn't need one if "God's Word" is respected.

LADIES' SPORTS CLUB FORMED IN DIDSBURY

A well attended meeting was held by the young ladies of town in Betty's Beauty Salon on Thursday, Oct. 1st, when a club was formed to promote winter sports in Didsbury. Betty Wright was elected president of the new club and Dorothy Goehse is the secretary-treasurer.

To promote interest in the new club the members plan to hold a winter roast at the "Rocks" on Thursday, October 9th.

The next meeting of the sports club will be held in Betty's Beauty Salon on Thursday, Oct. 16th, at 8 p.m. and new members will be welcomed.

ROSEBUD CLINIC DOCTOR SPEAKS TO LION MEMBERS

At the regular meeting of the Lions Club on Thursday evening, October 2, Dr. Leslie Allan of the Rosebud Health Unit was the guest speaker. Dr. Allan arrived in Canada in September from England. In the armed forces since 1939 he has seen service in North Africa, Egypt, the Sudan and the Near East.

He closed his topic for Thursday evening, "The Arab Side of the Palestine Problem." He described the Arabs in great detail from his first-hand knowledge of them, and his remarks were listened to with great interest by the club members present. The Lions Club looks forward to hearing Dr. Allan speak again in the near future.

Editorial

A NATIONAL DISGRACE

We are a prodigal people. Without turning a hair the Canadian people are compelled to admit that, last year, fire destroyed property in Canada amounting to nearly 50 million dollars, or about 55 per cent more than the losses five short years ago. And, in the short space of 12 months, in 1946, 408 Canadians lost their lives through fire. Here, in stark fact, were 408 tragedies in Canadian homes. Yet, year by year, we continue, seemingly unperturbed, along the path of destruction. Last year, for instance, out of 55,400 fires in the Dominion, 41,005, or nearly 80 per cent, were in residential properties. Through carelessness, or wanton disregard of sensible precautions, fire destroyed, wholly, or in part, residential properties alone equivalent to what one would find in a city of about 200,000 people. And this at a time of serious shortage of houses for all classes of people in Canada. Is there a remedy?

Organizations spend time and money preaching the gospel of fire prevention and illustrate how carelessness can destroy human lives and property. Regional insurance underwriters' associations of Board companies throughout Canada maintain rigid inspection services which undoubtedly help to prevent many fires. They also impress on the public that insurance rates are related to losses. Yet our fire losses continue to increase at an alarming rate—1946 figures alone, were nearly 12 per cent higher than in 1945. The remedy, and there is one, lies in our own hands. We simply must pay more attention to simple rules established for our own protection. In other words, day by day, we must all exercise more care. We must stop playing with fire to prevent fire if we want to eliminate this national disgrace from Canadian yearly records. A little common sense and a little less prodigality will save lives and property.

SEED AND FEED SUPPLIES

There will be a heavy demand for seed grain between now and next spring, according to information in the hands of the provincial department of agriculture. That department advises farmers who will need seed to get their supplies with the least possible delay.

Frost, drought and hail have curtailed production in many districts,

and what grain has been produced is unsatisfactory for seed. Eastern Canada is in the market for large supplies of both feed and seed grain. This demand will not wait until spring.

If there is seed or feed grain within trucking distance make sure of your supplies before it is too late.

NOTICE OF PLEBISCITE

Town of Didsbury

PUBLIC NOTICE is hereby given that a plebiscite will be held, for the purpose of determining whether or not the Proprietary Electors of the Town of Didsbury, are in favor of the passage of a Private Bill, by the Legislature of the Province of Alberta amending Chapter 81 of the Statutes of Alberta, 1927, being an Act to incorporate the Mennonite Brethren in Christ Church as follows:

1. The said Act is amended by adding as section 9a, immediately after section 9, the following:

9a. (1). All the real property as follows:

The whole of block 4, (4), plan 7976 CN in the Townsite of Didsbury and the personal property situated thereon, shall, while registered in the name of the corporation and owned by it and while used by it for or in connection with educational purposes of a theological nature, be exempt from all taxes, rates, levies and assessments of any kind and nature, save and except special frontage assessment taxes under the Town and Village Act.

(2). Such exemption from taxation shall for all purposes be deemed to have existed since the 1st day of January, A.D. 1947.

(3). The corporation shall, as of the 1st day of January, A.D. 1947, be responsible for its own medical and hospitalization services, and no responsibility therefor shall fall upon or be committed to either the Town of Didsbury or the Municipal District of Mountain View No. 49.

2. This Act shall come into force on the day upon which it is assented to.

And that the voting will take place on Monday, October 27th, 1947, from ten o'clock in the forenoon until seven o'clock in the afternoon at the Town Office, and that I will at the said Town Office, forthwith after the Poll is closed sum up the votes, and declare the results thereof.

Given under my hand at Didsbury this 29th day of September, 1947.

F.L. EVANS,
Returning Officer. 2tc

CANADIAN SCHOLARS ARRIVE AT LONDON UNIVERSITY

The first seven winners of the scholarship presented by Lord Beaverbrook arrived in Britain recently to begin their twelve months' free post-graduate course at London University. They are students, tutors and graduates of the University of New Brunswick, of which Lord Beaverbrook is the First Chancellor. Two of the students served with the Canadian forces in Britain during the war.

BRITISH WHEAT PRICE INCREASED

(By H.G.L. Strange)

The British government on August 21st in London announced increased prices for wheat to British farmers in order to induce them to produce more. The price for this 1947 crop is now, in equivalent Canadian funds, \$2.33 a bushel to farmers at their country point of delivery. For the 1948 and 1949 crops the prices set are equivalent to \$2.38 for the product of the first 100 acres — approximately 300 bushels — and for the balance of the crop \$2.48 a bushel. These are good prices to the British farmer on his farm compared with the \$1.18 only a bushel which Canadian farmers now receive at their country elevators, and let us not forget for Canadian wheat which is worth on the average on account of quality 19c a bushel more than British wheat.

It is evident from these new British prices that the British government considers wheat will be worth considerably more in 1948 and 1949 than it is for this year 1947.

The world is badly short of wheat. The British government has adopted the right method to increase production by paying her farmers a higher price. Why is not that simple method used with our Canadian farmers?

BLUE RIVER HIGHWAY OPENED FOR TRAFFIC

Under dry weather conditions, motor traffic is moving west from Jasper over the Blue River highway to Kamloops and Vancouver, according to information received by officials of the Alberta Motor Association.

For many years the A.M.A. has been interested in promoting the completion of tourist road links which would aid in the development of this growing Alberta industry. Coupled with this fact is the recent announcement of the federal government that it plans to expand its program of improving access roads to Alberta national parks. As part of this program, the Dominion is spending \$300,000 this year on the Banff-Windermere highway.

The Blue River highway was cut through in 1944 but since that time slides and other road conditions made the route impassable. Recently, residents of the communities affected undertook, aided by a provincial government grant of \$5,000, to operate road equipment and clear the road.

As a result, opening of the road was marked when a motorcade of 10 cars drove through from Mc-

COMPARISON IN PRODUCTION

Production of small grains in Ontario this season is estimated at 104,387,000 bushels, or 52,000,000 bushels less than last year.

Alberta's production of wheat, oats and barley this year totals 237,000,000 bushels, as compared with 286,000,000 bushels last year.

Artificial eyes of plastic are said to be superior in every way to glass eyes.

Bride to Blue River on Labor Day. Since that time other motorists have made the trip.

With needed improvements, the highway should be open to general traffic next year.

AUTUMN

Children go back to school...leaves redden and fall... darkness comes earlier...the last crops are taken in...fires become popular again...there is frost in the morning air.

Now is the time to think of winter comforts, repairs to the house and buildings...fuel...winter feed. A good time too for quiet planning and for talking over with our nearest branch manager your plans and financial needs for the future. He welcomes your call.

THE ROYAL BANK OF CANADA

Didsbury Branch: C. F. NICHOLL, Manager

Divide Your Dollars With Your Neighbor

Everybody has a certain amount of civic pride—that sort of pride which helps make a village a town, and a town a metropolitan city. The growth of any community is dependent upon the support given its citizens. If you fail in your co-operation, your town either stands still or goes back.

If you uphold your town by sustaining it wholeheartedly, you help yourself and the community. Buy at home! Be neighborly with your dollar. Divide your dollars among your merchants and others who have the interests of Didsbury at heart. Help them and they will help you to greater values—for increased volume means decreased costs.

DIDSBURY needs your support and you need the support of the town. Let's get together and share our dollars for a mutual prosperity.

The Didsbury Pioneer

HERMAN KROPINSKE BURIED AT CONSORT

One of the early settlers in the Consort district passed away on Sept. 20th, in a hospital at Nelson, B.C.

Herman Kropinske was born in Odessa, Prussia, Feb. 9, 1866. As a boy of 10 years he left that country and moved to Centerville, S.D., where he grew up and married in 1888, his bride being Miss Rosamond Bertha Harmon. They lived 17 years in western South Dakota, then moved to Consort in 1914 and his wife passed away in January, 1929. Thirteen children were born to them, six of whom have passed away.

In the spring of 1937 he moved to Didsbury and made his home there until February of the present year when he went to live near Nelson, B.C., with his son Leo. A short time ago he was taken to the hospital and passed on as mentioned above.

He is survived by four sons, Geo. of Consort, Ray and Leo of Ymir, B.C. and Roy of North Cooking Lake, Alta.; three daughters, Mrs. G.O. Feeg of Didsbury, Mrs. Bert Peters, Ymir, B.C. and Mrs. Willard Johnson of Burns Lake, B.C.

Also surviving are 24 grandchildren and four great grandchildren.

Mr. Kropinske was a quiet, dependable man, a good neighbor and citizen. He lived a long and useful life leaving many friends who will always have kind memories of him. The funeral took place in Knox United Church at Consort on Wednesday afternoon, September 24th. Rev. Mr. Holtzman spoke on the subject "What Is Life?" basing his remarks on James 4:14. Mrs. D.J. McFetridge was organist and Mrs. Harold Feeg, a granddaughter of the departed by marriage, sang two beautiful solos, "The Old Rugged Cross," and "When They Ring Those Golden Bells For You and Me."

The pallbearers were J. Quinlan, C.A. Fawcett, J.F. Sedeman, F.L. Witte, Geo. McFetridge and W.A. DeWolfe. The body was laid to rest in Lake Road cemetery beside that of his wife.—Consort Enterprise.

BOB EDWARDS' PRAYER TO THE ALMIGHTY DOLLAR

When broke try this prayer to the Almighty—Dollar.

"Oh, almighty dollar, our acknowledged governor, preserver and benefactor, we desire to approach thee on this and every other occasion with the reverence due to superior excellence. Almighty dollar, without thee in this world we can do nothing, but with thee we can do all things.

"When sickness lays its paralyzing hand upon us, thou canst provide us the tenderest nurse, the most skillful doctor, and when the last struggle of mortality is over and we are borne to the resting place of the dead, thou canst provide a band of music and military escort to accompany us thither; and at last, but not least, a magnificent monument over our grave with beautiful lying epitaph. And while here on earth, beset by misfortune and temptations, we are perhaps accused of crime and brought before the magistrate. Then thou, almighty dollar, can secure us a good lawyer, a gentle judge, a packed jury, and we go scot-free.

"Be with us we pray thee in all thy decimal parts for thou art altogether lovely and fairest amongst ten thousand. In thy absence, how gloomy is the household, how desolate the hearthstone. But how gleefully thy beefsteak sings upon the gridiron, how generous is the warmth thy coal diffuses. Thou art the joy of youth and solace of old age. Thou canst adorn the gentleman and make the jackass endurable.

"Oh, almighty dollar, thou art the most potent argument of politicians and demagogues and the umpire that decides the contest. Thou art worshipped the world over. There are no false hearts at thy altar. Kings and couriers bow before thee. Thou art the handmaid of religion and the twin sister of charity.

"Oh, almighty dollar, thou art the guide of our footsteps and the goal of our being. Guided by thy light we hope to reach the golden gate and enter gloriously to the music of golden harps.

"Almighty dollar, thy shining face bespeaks thy wondrous power. In my pocket make thy resting place. And now in closing invocation, we realize that thou art the god of our grandfathers, the two-fold god of our children, and the three-fold god of their grandchildren. Permit us to possess thee abundantly. This is our unwavering

HUNTER GETS TAME DUCKS FOR DINNER—AND PAYS

A resident of benighted Saskatchewan drove into town on a Monday and spotted Frank Long's ducks and geese on the creek. He got out his firearms and began blazing away at the birds and potted three of them. Frank, who is ordinarily a pacific soul, descended in wrath and demanded why in several things, a sportsman was: (a) shooting at sitting birds and (b) shooting at tame ducks and (c) shooting at all within the town limits.

The hunter was properly abashed and offered to make restitution but wriggled slightly when Frank set the price at \$2.00 per duck per each. He demurred a little and pointed out that a similar episode had cost him only fifty cents per duck on a former occasion.

Frank glared and sneered, "Meat's gone up—Inflation." He got his two dollars per duck but was amiable enough to let the hunter have the corpses.—Nanton News.

In "Spin a Silver Dollar," authoress Alberta Hannum gives her ideas of clever salesmanship. A customer wandered into a Gallup, N.M., general store and complained of the glaring sun. The proprietor sold him a bottle of pop and a pair of black sunglasses.

The customer had never seen sunglasses before, but he put them on, and left the store. A few minutes later he was back. "Say," he grumbled, "it's gotten so dark outside I can't see a gosh darned thing." The proprietor soon fixed that. He sold him a lantern and a quart of kerosene.

prayer. Amen.—From the Files of the High River Times.

CALL FOR TENDERS

OLDS SCHOOL DIVISION No. 31 is calling for tenders on 200 cords (more or less) green poplar wood.

Tenders may tender on the full 200 cords or any portion thereof. State location of wood and type of road which serves this location.

Wood may be cut in 14' lengths. Blocks under 6' to be split in half. Blocks over 6' to be split to the same proportion.

Split wood to be thrown in large piles for drying. Piles not to be on the sawdust.

Lowest or any tender not necessarily accepted.

Tenders to close and be in our hands by 12:00 noon, Saturday, October 11th, 1947.

All tenders to be forwarded to: S.J. Gilson, Sec.-Treas., Olds School Division No. 31, Didsbury, Alberta. 59-31c

CALL FOR TENDERS

TENDERS will be received by the Board of the Olds School Division for the Elmwood-Cremona van route. Tenderer to supply vehicle which will comply with the regulations of the Highway Traffic Board (a vehicle meeting such requirements will be available through the Olds School Division shortly after September 30th). Further particulars may be received from the office of the Secretary, Didsbury.

Tenders to close at 12:00 noon, Saturday, October 11th, 1947.

Lowest or any tender not necessarily accepted.

S.J. Gilson, Sec.-Treas., Olds School Division No. 31, Didsbury, Alberta. 40-21c

MEXICO MAY IMPORT MORE CANADIAN CATTLE

Ten per cent of Mexico's total livestock wealth may be lost due to the lack of immediate and aggressive action when hoof and mouth disease made its appearance recently in that country. Statistics show that up to the end of July over 100,000 cattle and 75,000 sheep, swine and goats had to be destroyed. It has been estimated that before the disease is eradicated it will be necessary to kill from one to one and a half million cattle and an equal number of smaller animals. Plans call for the replacement of the destroyed draught animals with imported mules and tractors. These replacements as well as the required modern accessory machinery are in short supply. Plans are underway to improve the quality of Mexican herds by importing numbers of purebred cattle for breeding stock. Canada exported to Mexico in 1946 farm implements and parts valued at \$692,691 and 275 purebred cattle valued at \$75,175.

TENDERS

SEALED TENDERS for the purchase of the Melvin school, situated on the E½, 27-31-3 W3th, will be received up to 12:00 noon, Saturday, October 11th, 1947. Building to be moved and the foundation cleared from the premises. Highest or any tender not necessarily accepted.

SEALED TENDERS for the purchase of the original Neapolis school building which is no longer in use for classroom purposes, will be received up to 12:00 noon, Saturday, October 11th, 1947. Building to be moved and foundation cleared from the premises. Highest or any tender not necessarily accepted.

FALLEN TIMBER NOTES

(Week of September 28)

Mrs. A. Wanamaker, Donna and Billy of Saskatchewan are visiting Mrs. Wanamaker's parents, Mr. and Mrs. Johnson, Donna and Billy expect to attend the Fallen Timber school while they are here.

A number of people from this district were Didsbury visitors Thursday. Among these were Mr. and Mrs. J. Howton and Danny, Mrs. J. Cooper, Jimmy and Glen, Mr. B. Teynor and Mr. and Mrs. J. McGaffin and Ann-Marie.

A flock of sandhill cranes alighted in Mr. W. Dick's field last Thursday.

Mr. Billie Dick reports seeing a mountain lion last week near his home. Several others have also reported seeing one, and Mr. Alex Moore had a cow badly mauled by a large animal presumed to be a mountain lion.

Johnny Howton saw a pair of timber wolves at his east gate last week. One was grey and the other black.

Owing to the bad weather many of the farmers have been unable to cut their grain. A few days of good weather would be appreciated.

The Burma Road is still in very bad condition. There are three exceptionally bad spots—one near Smith's gate, another near the half-mile bordering W.H. McGaffin's and the third is at the east end of the muskeg by Mr. Percy Fair's. It is hoped that good weather will allow this road to be put in shape before freeze up.

(Week of October 3)

Mr. and Mrs. C. Moore and Mr. Fred Taylor of Calgary spent the week end at the home of Mr. and Mrs. J. Howton, and also called on Mr. and Mrs. J. McGaffin.

The Busy Bees held a very successful meeting at the home of Mrs. J. Howton. Eight members were present. The roll call was answered with a comical Halloween prank. During the business meeting it was decided to hold a potluck supper at the school on November 14th, followed by a card party. The proceeds will be used on the piano fund. Lunch was served by Miss

Frances Hayes and Mrs. J. McGaffin.

Mr. Harold Morrison returned to the district on Wednesday. He had been absent for over two weeks due to the serious illness of his baby son. Mrs. Morrison and children are still at Olds. We sincerely hope the baby will soon be well.

Mr. and Mrs. J. Cooper and Keith and Mr. and Mrs. J. McGaffin and children were guests at the home of Mr. and Mrs. George Admussen of Bergen on Sunday.

Mr. and Mrs. E. Hayes and Johnny are harvesting at their place in the Elmwood district.

Mr. and Mrs. Monecy and family and Mrs. Teynor were Didsbury visitors on Saturday.

SCHOOL DAYS

So you are going to educate that child of yours. Fine! But you owe him more than "reading, writing and arithmetic." Someone has said: "An uneducated thief will steal a piece of coal; an educated thief will steal a railroad."

The primary duty of Christian parenthood is to bring the children God has given us to a living faith in Jesus Christ, their Savior. "These words which I command thee this day shall be in thine heart; and unto thy children."

Are you setting your child a Christian example? Have you taught him that "the fear of the Lord shall teach them diligently? Lord is the beginning of wisdom?" Have you spoken to him about Christ and His salvation? If not, our church, its pastor and its people stand ready to help you. Come with us and we will do these good.

Redeemer Lutheran Church of Didsbury takes this opportunity to invite the parents to send their children to its Sunday School and also to its Saturday school. Sunday school is conducted every Sunday immediately after the church service. Saturday school will be conducted every Saturday from 1:30 to 3:30 p.m. These agencies are to bring the children to their Savior. They are open to all children and parents of Didsbury and district.

RAINFALL AND CROPS

Rainfall to the extent of about 10½ inches is needed annually in the brown soils belt of the prairie provinces to produce a wheat crop averaging 14 bushels to the acre. The average rainfall in this area, however, is barely 7 inches during the three months' growing season, and in 3 years out of 5 it falls even lower.

Dr. J.L. Doughty, chief of the soils laboratory at the Swift Current Experimental Farm, has been carrying out tests over amount of moisture present in the soil so that a farmer can have a good idea whether it will be worth while to seed the field to wheat.

Dr. Doughty says that thousands of dollars are wasted every year by seeding grain on land so deficient in moisture that there is not a chance of a good crop being produced.

Whether or not farmers would follow advice based on such investigations is another question. Traditionally the farmer is an optimist and always hopes "that next year will be a wet one."

Better health in infancy accounts mostly for longevity in Canada.

Not only magpies and crows, but also bald eagles carry trinkets to their nests.

Canada supplied 57 per cent of wheat and flour in the United Kingdom ration during 1946, 38.6 per cent of the bacon and ham, 45 per cent of the canned salmon, 24.2 per cent of cheese, 16 per cent of apples, 15 per cent of eggs, and 11 per cent of evaporated milk.

400,000 Left Feet

that never
push a clutch!

GM HYDRA-MATIC DRIVE has been
proved by nearly 400,000 Oldsmobile
owners in billions of miles of
"no-clutch, no-shift" driving!

400,000 Left Feet... left without a thing to do!
Because Hydra-Matic Drive eliminates the clutch
pedal and all clutch pushing. 400,000 right hands
... on the steering wheel where they belong!
Because Hydra-Matic Drive shifts gears automatically.

Oldsmobile first introduced this revolutionary
advancement almost 8 years ago! And since
then, nearly 100,000 owners of Hydra-Matic
Oldsmobiles have found a new freedom in driving.
These owners have driven literally billions of
miles—without ever shifting, or pushing a clutch.

After these 8 years, Hydra-Matic Drive is still the
only "drive" that eliminates the clutch pedal and
shifts gears automatically through four forward
speeds. The lowest-priced car to offer GM Hydra-
Matic Drive is the smart new Oldsmobile. It's
ahead in performance—automatically. Ahead in
appearance—dramatically. That's why people
say—enthusiastically... "It's SMART to Own an
Olds!"

The demand for Oldsmobile with the new GM
Hydra-Matic Drive is so great that it still
greatly exceeds the supply. Make sure your
present car carries you conveniently and safely
through the waiting period by having it ser-
viced regularly by your Oldsmobile dealer.

STORAGE OF WINTER VEGETABLES

The Dominion Experimental Farm Service advises farmers and others who have vegetables for household use in the winter, and have suitable storage space in the cellar, to check on their storage facilities to see that everything is in order. There is no secret to proper winter storage of vegetables, and all that is required is plain common sense and the observance of a few simple rules.

Storage space must be adequate, with proper ventilation, and fairly high humidity. If these conditions are lacking, or are faulty, they should be corrected before storing is begun.

Whether the vegetables to be stored are bought or are home grown, only products of good quality are worth storing—those that are sufficiently matured, free from insect or other injuries and diseases. As a general rule vegetables will keep better and for a longer period if stored in slatted crates or slatted bins to provide ventilation. Losses will be reduced considerably if moisture can be kept at a rather high level, particularly for potatoes, beets and carrots.

The walls and ceiling of the root cellar should be well insulated to prevent fluctuating temperatures and loss of moisture. If these requirements are not met much of the produce will be lost.

Vegetables which are to be stored over winter should not be brought directly from the fields into the storage. The sorting and grading and also the cooling, should be done

before storage so that the temperature in the root cellar will not be changed seriously.

The nearest Experimental Station will gladly give any information concerning the storing of vegetables.

RESCUE WHEAT

Next year there will be a substantial volume of Rescue wheat available to the farmers of Western Canada. This wheat was developed by A.W. Platt, of the Dominion government experimental farm at Swift Current, to counteract the ravages of sawflies. Rescue has a solid stem and this interrupts the sawfly life cycle. The main objection to Rescue wheat is that it does not compare with the standard Marquis in quality.

Another wheat being developed by Dominion cerealists is said to be resistant to grasshoppers. The scientists are also working on a wheat which will require a shorter ripening period, thus avoiding early frosts.

It takes nearly a dozen years to develop a new variety of wheat.

Newfoundland gave up its Dominion status in 1934, because of insolvency.

The Dominion Forest Nursery stations at Indian Head and Sutherland, Saskatchewan, have distributed 200 million trees for planting in farm shelter belts in Western Canada from the time the stations were opened up until the spring of 1946.

WEDDINGS

MATHESON—KAY

On Wednesday, August 27th, the Seventh Day Adventist Church at Botha, Alta., was the scene of a very pretty wedding when Hazel Esther Kay, only daughter of Mr. and Mrs. F.H. Kay of Botha, and Warren Matheson, only son of Mrs. E.W. Matheson of Didsbury, were united in the holy bonds of matrimony. The ceremony, which took place at four o'clock, was performed by Rev. R.C. Sharman of Edmonton.

The church was beautifully decorated with baskets of gladioli and vases of sweet peas. The bridal party took their place beneath an arch of shirred hearts and streamers.

Preceding the ceremony Mrs. Arthur Kay of Botha sang "At Dawning" and Professor Cowin of College Heights sang "Because".

The bride, who entered the church on the arm of her father, wore a lovely gown of white chiffon with lace bodice and long painted sleeves and full skirt train. The finger-tip veil fell from a beaded tiara and her colonial bouquet was of Johannah Hill roses and white stephanotis.

Little Marlene Fisher of Lacombe was flower girl, wearing a floor-length dress of white chiffon and lace and carrying pastel sweet peas.

The bride's attendants were Miss Agnes Seland of College Place, Wn., and Miss Vera Matheson, sister of the groom, also of College Place. Miss Seland was gownned in a rose sheer dress and Miss Matheson wore a dress of blue sheer. They wore Chapel veils to match and carried bouquets of pink carnations and sweet peas.

The groom was attended by Mr. Donald Donesky of College Heights, Alta., and Mr. Richard Cross of Portland, Oregon. Mr. Ernest Kay,

the bride's youngest brother, and Mr. Kenneth McCarty, a cousin of the bride, were ushers.

Miss Dorothy White of Portland, Oregon, played the wedding music. While the bridal couple were kneeling Mrs. Richard Cross sang "O Perfect Love".

Immediately following the ceremony a reception was held in the Botha hall, which was tastefully decorated for the occasion and 85 guests were seated at tables. The three-tiered wedding cake and the bride's cake were placed on a small table with tall pink candles in silver candleholders and flanked with pink and white gladioli arranged in baskets. The table cover, an heirloom in the Kay family, was a white linen cloth with a wide knitted lace edging.

Mr. and Mrs. Kay and Mrs. Matheson received with the bridal party. The bride's mother chose for her daughter's wedding a navy blue ensemble with touches of pink and wore a corsage of pink roses. Mrs. Matheson wore a black crepe dress and her corsage was of pink roses.

Later in the evening the bridal couple left for Edmonton en route to Walla Walla, Portland and San Francisco on their wedding trip.

For travelling the bride donned a dusky rose dressmaker suit with brown accessories and a corsage of pale cream roses.

Upon their return Mr. and Mrs. Matheson will make their home at College Heights, Alta.

PLEASE PHONE OR BRING IN YOUR NEWS ITEMS

This newspaper cannot make a house to house canvass for news, but it is always glad to have it phoned or handed in. We want all the news. We are just as pleased to mention your guests or your visit to us in the columns of our paper—but maybe your neighbors co-operated with us in getting the facts. Please let us have your news items. Our columns are always open to them. And remember they must be in before Tuesday noon, if at all possible.

GARDEN HINTS

DID YOU?

Ever notice the number of young trees and shrubs which emerge from the ground very early in spring? The seed of these were likely unintentionally sown by birds the previous year. Why not follow nature's method and do some planting of desired kinds right now.

The fruit of Mountain Ash, Honeysuckles, Apples, Cherries and other fruits when ripened are cleaned, washed, dried and sown preferably now in a frame of boards for protection against birds and animal damage. "Cotoneaster seed will not likely grow till 1949 and perhaps explains why those plants are expensive but there are about three seeds in each fruit."

A frame of rough boards about twelve inches high, the width of a lath, length as long as convenient, is a very good place to grow hard coated seeds and even for perennial plants sown in spring. The laths can be spaced half to one inch apart, nailed to a one inch thick 2x2 board for support.

In about a couple of week's time; cuttings of hard wooded trees and shrubs may be made by cutting growth that was made this year, and which has matured, into pieces ten to twelve inches long, then preferably tying them in small bundles and burying them if possible in a protected situation with the buds downwards and base of cutting about two inches below soil surface, covered with straw about six inches deep and left alone till next spring when they will be dug up again and planted where they are to grow but with the buds up the right way.

Cuttings of Currants, Willows, eysuckles, etc. can be made now. Poplars, Spireas, Hardy Roses, Honeysuckle by spring will have calloused over and be ready to form roots when planted the right way up.

These brief notes are to get people interested. A visit to the office of the D.A. might possibly be helpful.

CANADIAN COMMERCIAL IMPORTS FROM BRITAIN HIGH

Canadian imports from the United Kingdom for the first six months of 1947 were valued at \$54.6 million, as against \$110.9 million during the same period last year. This comparison is not entirely valid, however, since the figures for the first six months of 1946 are inflated by \$47.1 million of Canadian military equipment returned from the United Kingdom. If this military equipment is deducted, commercial imports in 1947 are 33 per cent higher than last year.

Heather has been found suitable in making synthetic flooring.

SUB-DEPOT OF RED CROSS BLOOD TRANSFUSION SERVICE OPENS IN CITY

The Canadian Red Cross Society's second and final step in giving the citizens of Alberta a Provincial-wide and free blood transfusion service was completed Friday night when The Honourable Dr. W. W. Cross, Minister of Health, officially opened the Calgary sub-depot of the Red Cross Blood Transfusion Service.

The new sub-depot will service the southern part of the province. Here, blood from city and country clinics will be tested and grouped and made available to southern Alberta hospitals.

The Edmonton Depot which opened July 15 has already distributed nearly 2,500 bottles of blood to hospital patients in northern Alberta.

Other guest speakers at the official opening were Alderman E.H. Stary who expressed greetings to the new service from the city of Calgary, Hugh C. Farthing, K.C., President of the Alberta Division Canadian Red Cross Society, Dr. H. V. Morgan, President of the Calgary Medical Society, Major W.W. Coward representing Regimental Headquarters, Western Command, Calgary Division, Dr. W.S. Standbury, Assistant National Commissioner, Canadian Red Cross Society and National Director, Blood Transfusion Service, and Dr. R.C. Riley, Provincial Chairman, Blood Transfusion Red Cross Society, acted as Chairman during the opening ceremony.

Also present at the official ceremony were nearly 150 guests representing the Medical Profession, the Civic and Provincial Government, Service Clubs, Churches and other organizations including members of the Edmonton Branch of the Canadian Red Cross Society.

To support this new service now organized in the Province of Alberta, the Canadian Red Cross Society is appealing to the citizens of Alberta to come forward as voluntary blood donors.

"If we do not all give our blood freely when we are in good health," a Red Cross official pointed out, "there cannot possibly be a supply adequate to insure that we, our wives and children, can get blood when illness or accident occurs. The success of the whole scheme," he stated, "depends upon the response of the public to the necessary appeal for a far greater number of donors than hitherto has been available."

The procedure of giving blood is free from any discomfort or pain and the loss of blood is speedily made good. It is a service which can be performed by anyone in normal health between the ages of 18 to 65. Anyone able to support this service is urged to contact their local Red Cross mobile clinics will soon be visiting districts in Southern Alberta on the following dates:

Banff	October 1st
Hanna	October 10th

Three Hills	October 16th

ALBERTA'S FIRE LOSSES INCREASED BY 65% OVER 1942

Alberta's fire bill for 1946 was 65% higher than it was five years ago, the number of fires increased by 40% over 1942, and 20% of the losses in the province in 1946 were uninsured according to figures released by the Western Canada Insurance Underwriters' Association recently for the purpose of calling attention to the importance of Fire Prevention week.

"Last year," the release said, "there were 2,308 fires in the province causing a loss of \$2,544,689 as compared with 1,652 fires, with losses totalling \$1,565,186 in 1942. Only three other provinces, Manitoba, Prince Edward Island and Saskatchewan had a higher percentage of increase in the amount of fire damage than Alberta in the comparison between 1946 and 1942 losses."

"Alberta's total for the year represented approximately 6% of the Dominion fire loss total for 1946 amounting to \$49,413,363 of which 25% was uninsured. During the year, 166 men, 78 women and 164 children were killed by fire in Canada.

"In five years our national bill for fire wastage has increased from 31 millions to 49 millions of dollars or by approximately 55%. Last year alone, there were 41,005 fires in residential properties representing nearly 80 per cent of all fires which indicates a national spirit of carelessness or apathy towards the wastage of resources by fire, and this at a time of a national shortage of homes.

"Such a situation cannot improve

NATIONAL ARTHRITIS CONVENTION AT OTTAWA

The calling of a national conference by the Honourable Paul Martin, minister of national health and welfare, for October 13 and 14 in Ottawa is the first step in a war on arthritis and rheumatic diseases by the Federal Government. This was prompted by thousands of appeals to the members of parliament by sufferers from arthritis and other persons and groups who are actively interested in the need for national recognition of arthritis. Fundamentally the plea calls for government action to place arthritis on the same basis as tuberculosis and cancer in Canada.

On June 10, 1947 the Honourable Mr. Martin had the following to say, in part, on arthritis in reply to Dr. Blair, M.P. (Lanark, Ontario).

"The Hon. member referred to arthritis, and perhaps later in the estimates I shall have more to say about this specific item—that the technique we employed early in January in calling together here in Ottawa—those who were interested in cancer control, will be employed again when all the authorities, governmental and professional in the field of arthritis are called within a very few months, to see if we cannot provide some co-ordinating authority to carry on in the field of arthritis."

"Through the officers of my department I have had an opportunity of consultation with Lord Horder who is one of the outstanding authorities in his profession in the rheumatic field and who has in Great Britain set a number of investigation clinical centres for the treatment of this malady.

"Likewise, Doctor Wallace Graham of Toronto, an eminent physician in this particular field, has also been in consultation with the department. These two sources, to whom I have referred, together with the Canadian Rheumatism Association, will be the basis of a conference which, I hope, will lead to an examination of all possible avenues available to bring about some relief in respect of this painful affliction."

The Canadian Rheumatism Association was reorganized from the Canadian Rheumatic Diseases Association and became affiliated with the Canadian Medical Association at the June 1946 national C.M.A. convention in Banff. Officers of its executive are: Pres. Dr. Wallace Graham, Toronto; Vice-Pres. Dr. D. Robinson, Banff and Dr. Dandurand, Montreal; Sec. Dr. W.S. Barnhart of Ottawa.

On June 6, 1946, the Honourable Brooke Claxton, then minister of national health and welfare, promised a government grant for arthritis research, but to date, so far as we know, nothing has materialized. Today 600,000 arthritics across Canada are looking with hope and expectation to this meeting in Ottawa as an initial step towards government recognition of Canada's Number One Crippler.

PREVENT SPREAD OF POULTRY DISEASES

To prevent the spreading of communicable diseases, an Order in Council has been issued, requiring that every owner or operator of a poultry processing plant, or poultry killing plant, or the management of establishments where live poultry are received for any purpose, must clean and disinfect all such crates received at the plants. After each use as a live-poultry crate, and before leaving the plant, all crates must be thoroughly cleaned and dipped for at least two minutes in a solution of two per cent formalin, or other approved disinfectant. Unless this is done, the crates must not be removed from the plant.

The expression "Live Poultry Crate" means any crate, box, receptacle, or container used for conveying or transporting live poultry. The words "Approved Disinfectant" mean a pest control product that is registered under the Pest Control Products Act and has a strength of not less than two per cent.

until every Canadian realizes the seriousness of this wastage and observes more care in regard to fire hazards.

"Associations such as this are doing their utmost to convince the public of the importance of fire prevention. Apart from the destruction of lives and property, fire losses are directly associated with the rates charged for insurance. It is, therefore, in the interest of the public, both from a practical standpoint of saving property as well as from the financial angle of keeping rates down to take more interest in the prevention of fire."

PROTECT
your car, truck, tractor
with
**IMPERIAL 3-STAR
ANTI-FREEZE**

For sure protection at reasonable cost, put Imperial 3-Star Anti-Freeze in the radiator of your car, truck and tractor this winter. This top quality alcohol anti-freeze gives you everything you need in your cooling system. It contains an inhibitor to retard evaporation. It will not corrode the cooling system. It gives complete protection at lowest temperatures.

-: DISTRICT NEWS:-

BURNSIDE NEWS NOTES

Congratulations to the Didsbury Pioneer on winning a C.W.N.A. prize.
 Mrs. Sandy Brander and family visited last Wednesday with Mrs. Mardon.

Ed Watkin has combined his first crop in Poverty Flats. The grain was flax and Sandy Brander did the combining.

Threshing and combining was in full swing again last week but snow and rain again stopped all harvesting. The wheat in this particular district is of a good grade, but is only yielding about 15 bushels to the acre.

Mrs. Arthur Carew Mardon of Florence, Arizona, arrived Monday and is visiting with her sister-in-law, Mrs. C. Mardon.

WESTERDALE NOTES

The fine weather of last week enabled threshing operations to get under way the latter part of the week. However, operations were again halted for a couple of days this week when rain and snow fell Saturday evening and Sunday morning.

Mr. and Mrs. T. Collinge of Acme spent Tuesday and Wednesday of last week at the home of Mr. and Mrs. Ben Kershaw.

Mr. R. Jackson was a patient in the Didsbury hospital for a few days the week before last.

NOTES FROM THE EAST

Miss Muriel Haynes is returning to the Prairie Bible Institute at Three Hills to continue her studies. Mrs. Chas. Fobes and Mrs. Sick were Sunnyslope visitors on Monday last.

Mr. and Mrs. D.L. Fobes spent Sunday with Mr. and Mrs. W.H. Coates.

Harold Shells was fortunate in completing his threshing Saturday night.

The south road leading to Didsbury has been repaired. Three new galvanized culverts have been put in and the road in front of the A. Morasch farm has been graded. The road allowance north of the Finlay place has also been graded.

Mr. and Mrs. Dunn, who have been working during harvest for Bruce Shells, are looking for a winter job.

Clifford Nelson and C. Neufeld have also finished their threshing.

DIDSBURY HOSPITAL BIRTHS

Born at the Didsbury Municipal Hospital to Mr. and Mrs. V. Olson on Sept. 27th, a girl.

To Mr. and Mrs. C.D. Harder on September 27th, a boy.

To Mr. and Mrs. Jake W. Neufeld on September 29th, a boy.

To Mr. and Mrs. David Janzen on September 30th, a boy.

To Mr. and Mrs. Victor Schneidmiller on October 6th, a boy.

To Mr. and Mrs. Alfred James of Carstairs, on October 7th, a girl.

CREMONA NOTES

The Cremona Ladies' Aid held a very successful Tea and Home Cooking sale in Waterstreet's Clothing store on September 26.

A meeting to get the Cremona Girls' Sewing Club under way was held at the home of Rev. and Mrs. Peter Dyck. Officers elected were: President, Mrs. Dyck; Sec.-Treas., Nola Waterstreet. The girls call themselves the Young Women's Missionary Society.

The Cremona grocery stores have finally gotten in a load of flour. They had been out of stock for the past ten days.

Mr. Rowley and Miss Wolf held a short organization meeting for a Sunday school class in the United Church on Sunday.

Mrs. Wayne Stringer and family were Sunday visitors at the home of Mr. and Mrs. C. Waterstreet.

Mrs. Bill Dinzy and Mrs. Schultz of the Cremona W.I. attended a meeting of the Didsbury Women's Institute on Saturday, October 4.

Mrs. G. Brown and Grace were Didsbury visitors Saturday.

A party in honor of Jean Schultz was held at the home of Norma Bottiger on Wednesday, October 1, and during the entertainment she was presented with a string of pearls. Jean plans on working in Calgary.

The people of this district are glad to see Archie Murray around again after spending several months in the Holy Cross hospital.

A new "hot air" engine, in its 15 h.p. version said to run quiet as a sewing machine, has been developed in Holland.

The Domestic Animals Act (Municipalities)

SALE AND REDEMPTION OF IMPOUNDED ANIMALS

Notice is hereby given under Section 48 of The Domestic Animals Act (Municipalities) that One Black Gelding, white star on face, and One Black Gelding, white star on face, branded YB on left shoulder, were impounded in the pound kept by Wm. J. Novaculise, located on the S.W. 24-31-4-5 on the 14th day of Sept. A.D. 1947, and that the said animals were sold on the 25th day of Sept. 1947, to E. Cowitz of R.R. No. 1, Didsbury, and that said animals may be redeemed by the owner or on his behalf within a period of thirty days from the publication of this notice in the Alberta Gazette, upon payment of all fees and costs due to the municipality and the purchaser of said animals.

For information apply to the undersigned.

A. Brusso, Sec.-Treas.,

LOCAL NEWS

Hector Lamont left last Wednesday for Winnipeg where he will spend the next two weeks visiting relatives.

— W.I. Nunes, prophetic speaker of the Sunrise Gospel Hour for the past week, will be the speaker at a Youth for Christ Service at the Evangelical Church on Thursday, October 10th. Watch for further announcements.

— Your seat on the aisle is your own easy chair when the Ford Motor Company of Canada presents The Ford Theatre every Sunday at 3 p.m. over a Dominion-wide network. It's the biggest show in radio. — Prevost Motors, phone 168.

Rev. and Mrs. Nelson Dahms of Schriener, Ont., who spent some time visiting friends in Didsbury in August, left recently for Jennings Lodge, Ore., where they will attend the Western School of Religion for the remainder of the month.

— Ladies' Flight Boots, sheepskin lined throughout, in black or brown. Now on display at Berscht's.

Mr. and Mrs. W.E. Jenkins and baby son were Didsbury visitors last week, enroute from Turner Valley to Edmonton where they will make their new home.

— Electric Floor Polisher for rent at the Builders' Hardware.

Tom Morris, genial owner of the Didsbury Dairy, was admitted to the local hospital last week suffering from pneumonia.

Mr. J.G. Chard, prominent Calgary chess player, visited last Sunday at the home of Mr. and Mrs. Ace Esler. The afternoon was spent playing a series of chess games, and Mr. Chard went home chuckling to himself after besting the local wizard in the last games.

— “Never before was there so much warmth with so little weight.” See the new Insul-Pac Parkas for men, ladies, boys and girls. Direct factory prices to save you money. Now on display at Berscht's.

— The Ladies' Curling Club will hold a Tea and Food Sale in the Lions Hall on Saturday, October 18, from 3 to 6 p.m.

Dr. and Mrs. J.W. Summers and family have returned from a month's holiday spent in the States.

Bill Ranton was a Calgary business visitor on Monday.

Bill Edwards had the misfortune to fall last Monday while practicing for the track meet and broke his left arm.

Excerpt from a recent “clean up” advertisement in Toronto dailies—“Under all the dirt and rubbish Toronto is a beautiful city.”

RUGBY W.I. PLAN SENDING OF PARCELS TO BRITAIN

With an attendance of 14 the October meeting of the Rugby W.I. was held at the home of Mrs. B. Smith. It was decided to send a parcel of children's clothing to W.I. headquarters for shipment to Britain. Next month collection of an outfit for an eight year old child will be made. Plans were also made to send a Christmas food parcel to an English W.I., one of whose members lived in the Rugby district.

And Meet Your Friends

some years ago.

The Rugby W.I. hopes to hold a Sale of Home Cooking in McCullough's Clothing store in Didsbury on Saturday afternoon, November 1. The next meeting will be held at the home of Mrs. A. Blain.

An executive meeting of the West Didsbury W.I. constituency was held Saturday afternoon, October 4th at the home of Mrs. Eckel. The constituency convener, Mrs. J. Robertson, presided over the meeting, and all branches were represented.

Matters connected with the next conference were discussed and arranged for. Mrs. W. Owens was appointed convener of Home Economics and will have charge of the Home Cooking display, etc. Mrs. M. Wood will be in charge of the Handicraft exhibits.

Many thanks are due to the hostess for the use of her home and for the bounteous lunch which she served at the close of the meeting.
